BULLET™

ALUMINUM TARP SYSTEM

2-Piece Adjustable Arms

The two piece arms of the Bullet™ make installation easy. Adjusting the arm lengths during installation lends itself to a proper fit and better operation.

3-Year Motor Warranty

The dependable Durabuilt™ 12V direct-drive electric motor has an in-cab rotary switch for operator convenience. The motor comes with a three-year full replacement warranty.

Load Security

Five springs per side ensure that your load stays safe and secure even at highway speeds. The springs will secure bodies up to 23 feet long.

Huge Tarp Selection

When pricing your Bullet™ system, you will need to order your choice of tarp and add that to the price. Choose from heavy-duty mesh, multicolored PVC mesh, 18-oz. vinyl or asphalt lumite. Asphalt lumite is water resistant and not PVC coated, so it's able to handle much higher heat levels than vinyl.

In addition to lumite, other asphalt-friendly selections are also available, including RFL, urethane-coated airbag, 22-oz. vinyl and Donoprene. More tarp options can be selected, such as non-standard colors, side flaps, reinforced pockets or hems, webbing, boxed corners, stenciling, grommets and D-rings.

Optional Upgrades

The tarp housing mounting system allows the tarp housing to be easily removed, if necessary, for season changes in hauling and is just as easily reinstalled later.
